Well Log Number

3026997Page 1 of 2 for this record.

WELL LOCATION	CONSTRUCTION DETAILS																																																																											
County <u>BELMONT</u> Township <u>WAYNE</u>	Drilling Method: <u>AIR HAMMER</u>																																																																											
Owner/Builder <u>CECIL KINNEY</u>	BOREHOLE/CASING (Measured from ground surface)																																																																											
<u>55061 KINNEY ROAD</u> Address of Well Location	1 { Borehole Diameter <u>13.5</u> inches Depth <u>26</u> ft. Casing Diameter <u>8</u> in. Length <u>28</u> ft. Thickness <u>0.41</u> in.																																																																											
City <u>BEALLSVILLE</u> Zip Code +4 <u>43716</u>	2 { Borehole Diameter <u>8</u> inches Depth <u>300</u> ft. Casing Diameter _____ in. Length _____ ft. Thickness _____ in.																																																																											
Permit No. <u>15</u> Section; _____ and/or Lot No. _____	Casing Height Above Ground <u>2</u> ft.																																																																											
Use of Well <u>DOMESTIC</u>	Type { 1: <u>PVC</u> 2: _____																																																																											
Coordinates of Well (Use only one of the below coordinate systems)	Joints { 1: <u>SOLVENT</u> 2: _____																																																																											
Latitude, Longitude Coordinates	SCREEN																																																																											
Latitude: <u>39.890833</u> Longitude: <u>-81.061667</u>	Diameter <u>5</u> in. Slot Size <u>0.03</u> in. Screen Length <u>295</u> ft.																																																																											
Elevation of Well in feet: <u>1134.5</u> +/- _____ ft.	Type <u>MACHINE-SLOTTED</u> Material <u>PVC</u>																																																																											
Datum Plane: ☐ NAD27 ☐ NAD83 Elevation Source <u>DIGITAL MAP</u>	Set Between <u>5</u> ft. and <u>300</u> ft.																																																																											
Source of Coordinates: <u>GPS</u>	GRAVEL PACK (Filter Pack)																																																																											
Well location written description:	Material/Size <u>3/8 X 3/16</u> Vol/Wt. Used <u>4,200 POUNDS</u>																																																																											
	Method of Installation <u>POURED (GRAVITY)</u>																																																																											
	Depth: Placed From: <u>26</u> ft. To: <u>300</u> ft.																																																																											
	GROUT																																																																											
	Material <u>BENTONITE PELLETS/CHUIT</u> Vol/Wt. Used <u>1,300 POUNDS</u>																																																																											
	Method of Installation <u>POURED (GRAVITY)</u>																																																																											
	Depth: Placed From: <u>0</u> ft. To: <u>26</u> ft.																																																																											
	DRILLING LOG*																																																																											
Comments on water quality/quantity and well construction:	FORMATIONS INCLUDE DEPTH(S) AT WHICH WATER IS ENCOUNTERED.

WELL TEST *																																																																												
Pre-Pumping Static Level <u>80</u> ft. Date <u>11/24/2025</u>																																																																												
Measured from <u>GROUND LEVEL</u>																																																																												
Pumping test method <u>AIR</u>																																																																												
Test Rate <u>6</u> gpm Duration of Test <u>2</u> hrs.																																																																												
Feet of Drawdown <u>0</u> ft. Sustainable Yield <u>6</u> gpm																																																																												
*(Attach a copy of the pumping test record, per section 1521.05, ORC)																																																																												
Is Copy Attached? ☐ Yes ☒ No	Flowing Well? ☐ Yes ☒ No																																																																											
PUMP/PITLESS																																																																												
Type of pump _____ Capacity _____ gpm																																																																												
Pump set at _____ ft. Pitless Type _____																																																																												
Pump installed by _____																																																																												
I hereby certify the information given is accurate and correct to the best of my knowledge.																																																																												
Drilling Firm <u>D & L DRILLING LLC</u>																																																																												
Address <u>41803 EARLEY RIDGE ROAD</u>																																																																												
City, State, Zip <u>NEW MATAMORAS OH 45767</u>																																																																												
Signed <u>CRYSTAL EARLEY</u> Date <u>12/3/2025</u>																																																																												
(Filed Electronically)																																																																												
ODH Registration Number <u>001694</u>	Last Revised on <u>12/17/2025</u>																																																																											
Aquifer Type (Formation producing the most water.) <u>SHALE</u>																																																																												
Date of Well Completion <u>11/25/2025</u> Total Depth of Well <u>300</u> ft.																																																																												

Completion of this form is required by section 1521.05, Ohio Revised Code - file within 30 days after completion of drilling.
Distribute copies of this record to Customer, and Local Health Department.
