## WELL LOG\*

INDICATE DEPTH(S) AT WHICH WATER IS ENCOUNTERED.

Show color, texture, hardness, and formation:  
sandstone, shale, limestone, gravel, clay, sand, etc.

|                    | From | To |
|--------------------|------|----|
| Brown clay         | 0    | 20 |
| Gravel clay mix    | 20   | 50 |
| Blue clay & gravel | 50   | 73 |
| Water at 60 feet   |      |    |

## WELL TEST

|                                             |                                   |                                |
|---------------------------------------------|-----------------------------------|--------------------------------|
| <input checked="" type="checkbox"/> Bailing | <input type="checkbox"/> Pumping* | <input type="checkbox"/> Other |
| Test rate <u>14</u> gpm                     | Duration of test <u>6</u> hrs.    |                                |
| Drawdown <u>5</u> ft.                       |                                   |                                |
